

PADDLE PORT

More Fun. Less Effort.

1

Paddle with Peace of Mind

Lightweight, stable design to help safely launch and dock kayaks, canoes, and stand-up paddle boards (SUPs).

2

Fits Wide Kayaks & SUPs

Accommodates kayaks and canoes up to 35" wide, and stand-up paddle boards (SUPs) up to 32" wide.

3

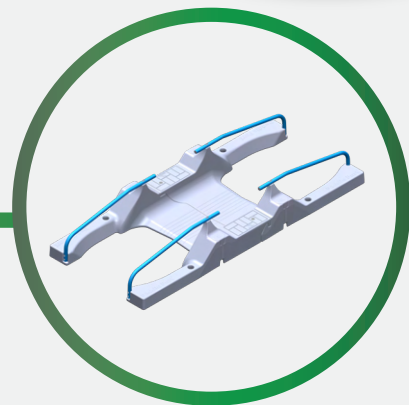

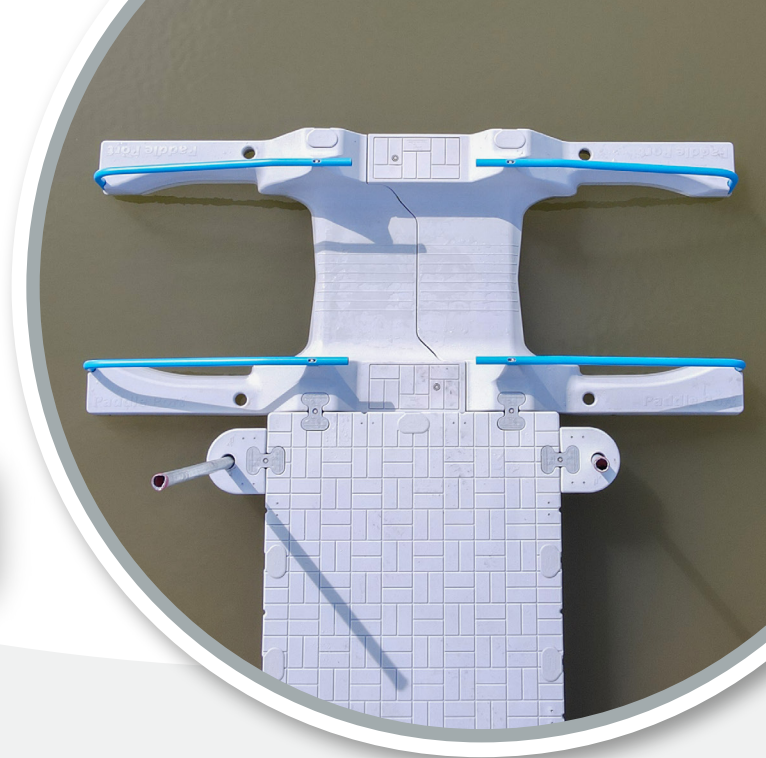

Built-In Anchoring Holes

Designed with four pipe holes for fixed dock installations with no additional hardware.

4

Built for Any Dock Application

The product can be installed in both freshwater and saltwater applications, whether with a Snap Dock, floating, or fixed dock system.
